

NINA KASTENS – BANGLE SIZE

DETERMINE YOUR BANGLE SIZE

The most accurate sizing is determined by measuring the inner diameter of a bracelet or bangle that fits you well in centimeters. You can also match the inside of that bracelet with the circle below. To make sure the scale is correct simply place a credit card at the line. If the card lines up, you're all set. When your bracelet has been placed on the right size, you should see only the white circle inside your bracelet.

For special orders, please contact us via mail at contact@ninakastens.com. We will make sure to find solutions for sizes that are outside the specified range.
